

# DO YOU KNOW...

Ocado want to build a distribution depot in N19 which will border Yerbury Primary School and Whittington Park. Three fuel pumps, diesel vans, HGVs and tankers will operate just metres from the school playground, a popular park and residential streets, 24 hours a day. Plans include a 1 hour delivery service that will rival local shops and restaurants, placing more pressure on the already struggling high street.

Increased HGV and lorry traffic on busy, unsuitable and unsafe roads

Massive rise in noxious fumes in the primary school playground and the local area

**A thriving, residential community is not the place for a depot such as this.** This will affect residents, school children of all ages, businesses and wildlife. **This will affect you.**

Unacceptable levels of noise, vibrations and congestion in N19, N7, N6, NW5 and beyond

# HOW YOU CAN HELP

- Sign the petition at [nocado.org](http://nocado.org)
  - Boycott Ocado and send an email to [ocado@ocado.com](mailto:ocado@ocado.com) to close down your account
  - Show support by displaying this leaflet in your window
  - Spread the word in person and on social media    #nocado
- Ocado's expansion plans could affect other communities very soon

Please visit [nocado.org](http://nocado.org) for a link to the petition, campaign updates, advice on easily switching from Ocado and more useful information
