

DO YOU KNOW...

Ocado are planning to build a distribution depot in N19 which will border Yerbury Primary School and Whittington Park. Their plans will see three diesel petrol pumps, diesel tankers and diesel HGVs driving just metres from the school playground and park during the daytime. This will affect N19, N7, N6, NW5 and beyond. This will affect school children of all ages, residents, businesses and wildlife. **This will affect you.**

An increase in HGV and lorry **traffic** on already unsuitable and unsafe roads

An increase in noxious **gases** in the area, particularly in the primary school playground

An increase in noise, vibrations and **congestion** in N19, N7, N6 and NW5

HOW YOU CAN HELP

- Sign the petition at nocado.org
- Object to the planning application before the **26th January**
- Boycott Ocado and let them know your reasons why
- Show support by displaying this leaflet in your window and spread the word

Please visit nocado.org for links to the petition, Islington planning site and useful info
